DID YOU EVER STOP TO THINK

By Edson R. Waite, Shawnee, Oklahoma

THAT for publicity, trustworthy distribution and service, news-
paper advertising brings results.
THAT newspapers cover the local trade territory like a blanket
and assure their advertisers a hearing.
THAT business concerns that advertise help the public to
make up their minds as to what they want and where to buy it.
THAT people who stop and think and read the ads have a
faculty of getting the right things at the right price. Their
ability to think and investigate has enabled them to save money.
THAT business concerns that have met with success have
built a reputation for square dealing.
THAT if they did not live up to their reputation they would
soon go out of business.
BUSINESS CONCERNS DO NOT SPEND THEIR MONEY
FOR ADVERTISING UNLESS THEY HAVE GOOD MERCHAN-
DISE OR SERVICE TO SELL.

BAPTIST SUNDAY SCHOOL.

The report for Sunday, October
20 was:
Enrollment, 128.
Number present, 66.
Number on time, 56.
Number prepared lessons, 55.
Star class last Sunday was Inter-
mediate Girls with an average of
76 per cent.

Banner Department was the Pri-
mary group with a 62 per cent score.
100 per cent pupils were Francis
Beal, Eugenia Jameson, Glen Mul-
cahy, Patsy Shelton, Mildred Taylor,
Margaret Woods, Mrs. M. Beal, Nina
Word, Marian Mulcahy, Kathrine Nel-
son, Billy Ney, Mrs. N. Woods, Francis
Woods, Mabel Taylor, Sonny
Heyen, Gloria Mulcahy, John H.
Jennings, Vernel Wiegand, Bernice
Speece, Billy Fusselman, Carol Jones,
Neville Holley, Leona Pettis, Mrs. H.
Crow, Leota Pettis, Margaret Dillon,
Gladys Fusselman, Mayme Earnest,
Donia Merriman, I. Wilson, T. B.
Knopp, Kathryn Clements, Leo Pet-
tis, A. F. Peters, Mrs. J. Dillon, Mrs.
W. Crow, Mrs. Glen Jameson, Mrs.
J. M. Mulcahy, F. Carle, W. T. Crow.

The T. E. L. Sunday School Class
held its regular meeting on Tuesday,
October 15, at the home of Mrs. T.
B. Knopp. The devotional was led
by Mrs. Mulcahy followed by the
business session with Mrs. Knopp,
the class president in charge. After the
business program a social hour was
enjoyed by all and lovely refresh-
ments were served to the following
members and visitors: Mesdames G.
Jameson, Joe Dillon, M. Beal, A. Nel-
son, W. T. Crow, J. M. Mulcahy, W.
J. Ernest, H. C. Hyatt, Meister and
Miss Fanyie Carle.

The Young People's Class, taught
by Dr. T. B. Knopp, elected the fol-
lowing officers for the coming quar-
ter: assistant teacher, Miss Ruth Wat-
son; president, Leo Pettis; vice presi-
dent, Mr. Glen Fluker; secretary,
Carter Snooks.

SOPHIAN CLUB.

At the meeting of the Sophian
Club Wednesday at the High School
the members and a few invited
guests were entertained and instruct-
ed by an interesting talk given by
Mr. Ed. Armstrong of San Antonio.
Mr. Armstrong's subject was the
"Study of the Opera." He is eminently
fitted to advise along these lines
owing to his seven years of musical
training which he received at Leipzig,
Germany and his more than thirty
years spent on the operatic stage of
America. The club was given an
insight into the ups and downs of an
operatic career and it goes without
saying that all who heard Mr. Arm-
strong will get more out of future
operas as a result of his talk.

Mrs. T. B. Knopp was hostess for
the afternoon and it was through her
efforts that Mr. Armstrong address-
ed the club. After Mr. Armstrong's
talk Mrs. Ed. Cameron presided at a
business meeting which was followed
by the regular program for the after-
noon as follows:
Mrs. Earl Boon ably discussed
local color and the means of obtain-
ing it in Julia Peterkins novel, Black
April; Mrs. Fletcher Davis analyzed
the plot and outlined the means of
characterization used by the author.

THE MOTORCADE.

The Motorcade from San Antonio
to El Paso over Federal Highway No.
90 arrived in Hondo on schedule time
last Monday morning. It was under
the direction of Joe Dillon of this
place and a number of San Antonio
road enthusiasts accompanied the
party.

Only a brief stop was made here,
and when the journey west was re-
sumed quite a number from here ac-
companied the party west, some as
far as Uvalde only while others turned
back at Del Rio. So far as we
have learned Messrs. Joe Dillon, N.
C. Johnson, Earl Boon, Adolph
Haegelin and Rev. H. A. Heineke
from this place and Mr. and Mrs.
Henry V. Haass, Jr., of Castroville
are the only Medina County people
to continue the journey to El Paso.

We were handed the following
telegram Wednesday:
El Paso, Texas, Oct. 23, 1929.
Chamber of Commerce,
Hondo, Texas.

The motorcade wonderful success.
Arrived El Paso with more cars than
expected. Every town along the route
received us in a wonderful way. Hi-
way Ninety now on the map for sure.

FIRE DESTROYS HOME.

Fire of unknown origin, but pre-
sumably from the kitchen stove or
flue, destroyed the August D. Gerdes
home on the Yancey road about ten
miles south of town about one o'clock
Sunday night.

The family was awakened by the
flames in time to save only a few
household effects. The timely ar-
rival of Wm. Mask and Lloyd Par-
sons with two of their friends who
were passing at the time enabled them
to render Mr. Gerdes some very time-
ly help otherwise his loss would have
been much greater. As it was only
part of his household goods could be
saved.

Fortunately, the wind was in such
direction as not to expose any of his
other buildings.

Mr. Gerdes was fortunate also in
having his property insured for
\$2,000.00, fifteen hundred on the
house and five hundred on its con-
tents. This will partly recoup his
loss.

IMPROVEMENTS AT BAKERY.

Attention is called to the half-
page advertisement of the City Bak-
ery appearing in this issue of the
Anvil Herald.

Mr. Rath has just installed a mod-
ern electric-driven Champion dough
mixer that is the latest appliance for
making bread. It enlarges the capaci-
ty for making bread, relieves the
bakers of much of the drudgery in-
cident thereto and mixes the dough
so thoroughly as to bring out all the
wholesome qualities of the flour in
the baking process. The bread turned
out by the City Bakery leaves
nothing to be desired in point of
wholesomeness and high quality.

Hondo is fortunate in having a
baker like Mr. Rath, a man who has
confidence in the future of our town
and who is willing and able to back
up that confidence with an invest-
ment capable of giving the town the
best possible service in the baking
line.

TEXAS AND TEXANS

TEXAS AND TEXANS.

By Will H. Mayes

Clarence Gilmore's Life.

One who knew him and loved
him as I did cannot think of Clar-
ence Gilmore as dead. It is true
that I shall not see him again in
this life, but I know that the in-
fluence of his life—which after all
is the worth-while thing—still lives
and will live through future genera-
tions. He was by no means a per-
fect man, but the good that was in
him so outweighed his few human
frailties that he outcranked most
men in the traits that will leave an
influence upon men long after his
passing. He served his State, his
friends and his family as faithfully
as man can serve. He had the high-
est ideals and lived up to them. I
was saddened beyond expression
when I learned that this State of-
ficial and friend had been stricken
down, but relief came in the
thought that only the physical form
has gone and that the real Gilmore
still lives in the hearts of those who
knew him.

Texas Bank Reports

Despite the short cotton crop in
many parts of Texas, the banks of
the State, according to their last
reports, have more money in their
vaults than ever before. Money is
the measure of the prosperity of a
people. Texas is more prosperous
than ever before. The people have
learned that they need not be de-
pendent on cotton, and the lesson
has been worth much to them. They
have learned that the kind of pro-
duction that brings them a steady
flow of money is better than that
which throws it all into circulation
at one season and leaves but little
income for the rest of the year.
Texas is diversifying its farming
as never before, and is entering an
era of industrial production, thus
balancing its agricultural produc-
tion in a way to distribute its earn-
ing equitably.

Texas Stone Quarries

A real estate owner of Austin has
submitted a proposal to the peni-
tentiary committee to let the system
have a lease on several thousand
acres of land between Burnet and
Marble Falls for a royalty on the
stone and marble that may be ex-
tracted. His idea is to have the
rock used for road building and,
perhaps, to use the finer stones for
commercial building purposes. With-
out knowing anything about the de-
tails of his offer, it is safe to say
that worse use could be made of
convict labor than quarrying stone
for public highways. Texas is rich
in stone of all kinds from the ordi-
nary limestone found everywhere
to the finest marbles. Her rich
quarries are extensive enough to
build homes for every citizen of the
State, buildings to house every
business and industry, and leave
enough to connect every town and
home with good roads—and all this
without making any depreciable ef-
fect upon the quantity.

Paint Rock Enterprise

Citizens of Paint Rock, Concho
County, are organizing a company
with \$100,000 capital to develop a
quarry near the town, which engi-
neers report has some 15,000,000
cubic yards of the best, hard, blue
limestone, easily available. Doubt-
less a closer survey would show
many times that amount, for the
rock supply of that section seems to
be unlimited and inexhaustible.
Once Texas starts to using its rock
for all the purposes for which it
can be used, its quarries will be
found to be among its richest and
most easily developed resources.

Denton's Municipal Utilities

Some unknown friends has mailed
me a pamphlet describing the pub-
lic utilities owned by the city of
Denton, showing that the water-
works, light plant, and sewage sys-
tem are valued at \$665,000. The
history of the plant since it was ac-
quired in 1905 reads like a "romance
in business." The water and light
plants have constantly reduced

ST. PAUL'S LUTHERAN CHURCH NOTES.

There will be no church services
at St. Paul's next Sunday, October
27, since the pastor is scheduled to
preach both forenoon and night at
the Mission Festival at Castroville.

On Sunday, November 2 at 10:45
a. m., communion services will be
held, commemorating the reforma-
tion. All are cordially invited to at-
tend.

Last Sunday the following children
were baptized: Patsy Lou Goff,
daughter of Mr. and Mrs. Earnest
Goff; Robert Edwin Nester, son of
Mr. and Mrs. Edwin Nester.

H. A. HEINEKE,
Pastor.

Miss Sue Healy spent last week-
end with her mother, Mrs. Gail
Healy, at Austin.

rates while building up from a
small start to the best in the
country and at the same time pay-
ing a large per cent of the debts of
the city. Lights for public build-
ings, parks and schools are fur-
nished free, the city also operating
over 700 street lights free of any
charge. Municipal ownership has
enabled the city to supply the Col-
lege of Industrial Arts and the
State Teachers' College with water
and light at nominal cost.

Edna's Waterworks Bonds

Edna has voted a bond issue of
\$100,000 with which to build a water
and sewage system, the vote being
by a majority of five to one. The
progressive towns of the State, even
though they may be small, are
nearly all giving attention to their
water and sewage systems in the
interest of the health of the people.
Small towns can have many city
conveniences at even small expense,
provided only that the people unite
in acquiring one improvement at a
time. The easiest way to kill im-
provement projects is to have a part
of the people suggest something else
as better for more needed whenever
any public movement is started.

Safety Essay Contests

Since automobiles have come into
such general use the number of
accidents has increased appallingly
and is still growing. Organizations
have been formed to check these
through publicity and educating the
public. It has been found difficult
to educate the adult population, and
that the place to begin is with the
children in the public schools. An
Austin Junior High School student
has been awarded a cash prize and
medal in a Texas contest and sev-
eral second and third prizes have
been given to other Texas students.
Miss Jennie Marie Goodwin, of Aus-
tin, winner of the Texas school
prize, will enter a National contest
the three winners of which will be
given \$500.00 each and a trip to
Washington. These contests should
do much to awaken a deeper interest
in public safety.

Free Mail Delivery

Kerrville will have free mail de-
livery January 1. There are some
advantages to be had from free de-
livery of mail, but it has its draw-
backs. The man who has been ac-
customed to going to the postoffice
for his mail each day, misses the
meetings there with his friends and
the daily exchange of greetings.
Nothing else quite takes its place
in the social life of a town, unless
it be going to the depot to see the
train come in, and since so many
travel in autos that has lost its in-
terest as a diversion. Kerrville peo-
ple will be glad to have their town
recognized as large and important
enough for mail delivery, but after
a time the old-timers will drift back
to the postoffice and rent boxes
just for the pleasure of going for the
mail.

Bee County Library

The club women of Beeville are
going to take the 2,000 volumes they
have in a town library and use
it as a nucleus for the establish-
ment of a county library. There is
no better work in which club women
can engage than in promoting
county libraries. There is nothing
that will do more to help the peo-
ple of the country than giving them
the opportunity of getting plenty of
good books to read. Every county
in the State needs a library with the
facilities for getting the books into
the hands of the people.

More Bank Mergers

Two big banks at Dallas have
formed a merger the past week and
also two have merged at Houston.
Merged banks make for cheaper
administration of business, but they
do not add to the convenience of
the patrons, and where those that
go into the mergers are already in
good financial condition the mer-
gers do not make for greater bank-
ing safety. The result usually is that
the place of those lost by the mer-
gers and business goes on about as
usual.

THE MOTORCADE-ENROUTE.

Rev. H. A. Heineke writes us from
Del Rio Tuesday morning as follows:
The motorcade is progressing nice-
ly. Everybody seems to be enjoying
the trip. We were kindly received
all along the line, especially at
Uvalde, where they gave us a goat
and veal barbecue dinner in their
beautiful little park, and at Bracket-
ville, where the entire population of
all ages and races turned out to meet
us and greet us with music rendered
by the military band from Fort Clark.
The good people of Brackettville even
offered us coffee and cake.

Del Rio knew it could not offer
any attraction comparable to Villa
Acuna, so they did not attempt it.

We shall leave this morning at
7:00 for "the West."

DEVINE NEWSLETS.

From The Devine News

MR OTTO G. BRAUN.

Otto G. Braun, age 54, born and reared here, died at his home six miles below Devine, Monday evening. He had lived on the old Braun ranch alone since the death of his father and later his mother, and had never married. He is survived by two brothers, W. L. Braun of San Antonio; Fred Braun of Moore and one sister; Mrs. T. B. Roberson of Devine. Funeral services were conducted at the Moore Cemetery Tuesday, at 4 p. m., by Editor W. L. DuRose, and friends laid his body to rest by the side of his parents. Otto had lived nearly all his life on the old ranch and had hosts of friends over Frio and Medina Counties, who mourn his sudden and sad going away.

FROM BIRY.

Mr. C. C. Godden spent Tuesday in Devine. Elmer Badden from Hondo spent Monday here.

Mrs. Mathis Koch and children of D'Hanis spent the week with her parents, Mr. and Mrs. Jack Bihartz.

Mr. and Mrs. Ervin Hartung and Mrs. Heyen and son from Hondo spent Tuesday evening with Mr. and Mrs. J. L. Wernette.

Mr. and Mrs. Henry Mussman and son and daughter, Miss Lena, and Mrs. Henry Senne spent Wednesday in San Antonio.

Mrs. Joe Breiten is spending a while in Houston visiting her parents. Mr. and Mrs. Armin Bendele and children spent Wednesday in Pearlsall.

Mrs. Alfred Biry and Mrs. Bonnie Bomba and children from Devine, spent Wednesday here.

Mr. and Mrs. Albert Bihartz and daughter, Golda, spent Thursday at the Pearlsall Fair.

Mr. Louis Rihn and son, Wesley, spent Saturday in Devine.

Mr. and Mrs. Frank Bihartz and son from San Antonio spent Sunday with Mr. and Mrs. Ed. Bader.

Mr. and Mrs. Raymond Schott from Rio Medina spent last Sunday with Mr. and Mrs. Louis Rihn.

Mr. and Mrs. W. A. Skaggs and baby and Mrs. Agnes Skaggs spent an evening last week in Hondo.

Mr. Ralph and Theo Bihartz from San Antonio spent the weekend with their parents, Mr. and Mrs. Jack Bihartz.

Mrs. Vincent Haass and Mrs. George McCullough from San Antonio spent the weekend with Mrs. Emma Haass.

Mr. and Mrs. Rudolph Posch spent Friday evening with Mrs. Posch's brother at Hondo.

FROM YANCEY.

A family re-union, an occasion of celebrating the 87 anniversary of Grandma Faselers was held at the home of Mr. Willie Faselers, last Sunday. Those of her immediate family present were: Mr. Henry Faselers and Mr. George Faselers and family; Mr. Herman Faselers and family; Mr. Willie Faselers and family; Mr. John G. Faselers and family; Mr. John G. Faselers and family; Mr. Elmer Faselers and family; Mr. W. N. Saethoff and family; Mr. W. N. Saethoff and family; Mr. and Mrs. C. J. Oefinger and family of San Antonio; other nearby relatives and friends were also present. Mr. John Muenink and family of Hondo and Mr. George Muenink of Hondo, brothers of Grandma Faselers, partook of the celebration and the sumptuous dinner that had been prepared by all of her children. In all there were 123 present. Grandma Faselers is in fairly good health, though she is gradually getting more feeble. We hope she will be able to have another gathering of her family and friends at this time next year.

Messrs. Oswald, Wesley and Walter Oefinger all of San Antonio were here Sunday on a visit.

Charles Farrel In 'The River' Comes To Majestic

Charles Farrel, brilliant Fox screen star enters the ranks of the talkie favorites in his latest Wm. Fox Movietone success, "The River" which starts a week's engagement at the Greater Majestic theatre in San Antonio, next week.

Mary Duncan, who will be remembered as the exotic vampire of "Devils" is co-starring with Farrel, in this absorbing and dramatic sensation which has the fury of a whirlpool of emotion and in which a man's soul is laid bare. "The River" is destined to be reckoned as one of the truly fine pictures of the year. It is all talking, all thrilling and all absorbing.

On the same bill with it is a vaudeville program of extraordinary merit. Headlining the vaudeville show is a tuncful musical comedy, "Underneath the Stars" (in Havana), a firmament of song, dance and fun, offered by a stellar constellation of artists with Leo Henning, and Hall and Essley.

Will J. Ward, the story telling pianist, and Miss Ziegler and Fardner, are other acts on the program.

It will pay you to watch our clubbing rates. We can sometimes make you substantial savings on the subscription price of your papers and magazines and at the same time, by subscribing through this office, you can help us extend the circulation of Farming. In this way we both profit. 33-tf.

MOST people depend on Bayer Aspirin to make short work of headaches, but did you know it's just as effective in the worst pains from neuralgia or neuritis? Rheumatic pains, too. Don't suffer when Bayer Aspirin can bring complete comfort without delay, and without harm; it does not affect the heart. In every package of genuine Bayer Aspirin are proven directions with which everyone should be familiar, for they can spare much needless suffering.

Supply Company in San Antonio was at home Sunday.

Miss Irene and Pearl Oefinger of San Antonio spent the week-end at home; both are attending college in San Antonio.

Miss Missouri Baker visited home-folks Sunday, returning to San Antonio Sunday evening.

Miss Agnes Wiemers left for her home in New Fountain after a week's visit with her sisters here.

The pageant given by the Methodist Sunday School was well attended. Mr. McDowell of the Y. M. C. A. of San Antonio delivered an interesting address, giving some of his experiences as leader of the boys at the "Y" and also giving some very good points to parents as to the bringing up of boys. After the program, the ladies of the church served cocoa and cookies to all present.

Mr. Dan McCrea was at home for a brief period last week-end. He is now at Cedar Creek, where he has bought pecan groves and is gathering and shipping them.

Mr. Cornelius McAnelly, an uncle of Messrs. G. C. and P. D. McAnelly, has been visiting here with them for a week.

Mr. and Mrs. J. P. Nixon arrived home last Saturday after a two week's stay at their Kerrville home for the benefit of Mr. Nixon's health. Mr. Nixon has improved very much while in the hill country.

Mr. and Mrs. George Bohm-falk, Sr., were guests of Mr. Willie Faselers and family Sunday.

SELECT A HOME FROM OUR LIST:

NINE ROOM HOUSE FOR SALE.

We are sorry to report that Mrs. George Wiemers has been on the sick list for several weeks. Dr. Meyer was called to see her Friday and we hope she will soon be convalescing.

Mr. Manford Burgin spent several days in San Antonio last week, visiting his mother and other relatives.

Mr. Joe Ward and family spent last week-end at Carrizo Springs visiting Mr. Howard's family.

STUDENTS DANCE.

The student body of Our Lady of the Lake College entertained with a formal dance at the college Saturday evening, October 19. The modernistic effect was carried out in the decoration of the ball room, the colors being black and silver. The background of the orchestra platform was arranged in alternate rays of color with the same design carried out on the windows. The lights were hung with black streamers ornamented with silver stars and moons.

In the receiving line welcoming the guests were Misses Sarah Thorsell, Alexandria, La.; Ruth and Mary Cooper, Laredo; Henrietta Dielmann,

COLE BROTHERS SHOW COMING.

With the arrival in Hondo of Jerome Harriman contracting agent of the Cole Bros. Shows, arrangements have been completed with the city officials and local merchants for the parade and exhibitions of this old-time favorite in Hondo on November 19.

Mr. Harriman carries letters from Chamber of Commerce organizations, Mayors and City Clerks of various cities where the show has exhibited this season, endorsing the entertainment offered, and commenting on high-class personnel of the organization, in many instances, welcoming the show back at its earliest convenience.

He is very emphatic in his denial the show parades have been abandoned, and claims that while one show too stingy to give a street parade, his managers have taken the opposite view and have increased the street pageant of the Cole Bros. Show until now it is the largest one in existence; they figure the parade is a show window of the exhibition, with exactly the same object in view that causes a merchant to display his ware; another object of the parade is to give joy to many poor children whose only glimpse of the world's wonders is the time-honored show procession; all dens and cages are wide open, so that all may see the many animals from every clime; five brass bands dispense real music, along with the largest steam calliope ever constructed, while twenty clowns furnish the comedy.

At the show grounds, after the parade, the visitors are entertained, while waiting for the doors to open at 1:00 o'clock, after which, an inspection of the menagerie is in order; practically every known jungle animal is represented, also many denizens of the Arctic regions, the entire collection of 400 beasts being a complete education in animal-land. At 2 p. m. and 8 p. m. the performances start and from the opening spectacle to the closing overture, the air, the ring and the track are filled with acrobats, aerialists, clowns and performing animals of all kinds, accompanied by the best band in circusdom.

Mr. Harriman informs us the Cole Bros. Show is the only large organization booked into this territory this season; also there are none scheduled within forty miles of this city, and that his show will positively parade and exhibit here on the date above mentioned, whether rain or shine. The parade is at 11 a. m. The doors open at 1 and 7 p. m.

QUIHI NOTES.

"What doth it profit, my brethren, though a man say he has faith, and have not works? Can faith save him?" James 2, 14.

Sunday morning at 10 o'clock divine service will be held in St. John's Lutheran church at New Fountain. All are cordially welcome.

At 7:15 p. m. Sunday night divine service in the English tongue will be held in Bethlehem Lutheran church of Quihi. Please bring your English hymnbooks to this service and come and worship the Lord.

The Quihi Ladies' Aid society appointed the following executive committee to arrange all details relative to the prospective bazaar to be held in Quihi Parish hall on Thanksgiving day: Mrs. Luebbe Boehle, chairman; Mrs. George Balzen and Mrs. Arnold Balzen. This committee was appointed by an auxiliary committee appointed by the Luther League and composed of Messrs. Walter Grell, Alfred Saathoff and Mrs. Alb. Mumm.

The annual missionfeast of the Quihi parish will be celebrated in Bethlehem Lutheran church of Quihi November 3. Rev. Theo. Janssen of Seguin will be the speaker of the day. Rev. Janssen is an excellent pulpit orator and doubtless will have a splendid message for all. In the forenoon he will speak in German and at 7:00 p. m. in English. All are cordially invited to come.

The Quihi Luther League rendered a splendid program of songs, recitations and readings last Sunday night in Bethlehem Lutheran church. Every leaguer on the program acquitted him or herself excellently and many a responsive chord was struck in the hearts and minds of many in the large, overflowing and appreciative audience by the fine musical and literary selections of the program.

CARD OF THANKS.

I take this means of extending my sincere thanks to all those who assisted in saving my property from destruction by fire last Sunday night. I am especially grateful to Messrs. Wm. Mask and Lloyd Parsons of Hondo and their two companions from Sabinal, for it is due to their opportune arrival and their efficient help that my losses were not still greater. Again thanking all who helped. I am,

Gratefully yours,
A. D. GERDES

ALDE DEFEATS HONDO OWLS 50 TO 0; LOCALS PLAY WITHOUT REGULARS

Steinle, Acting Captain, Plays Good Game; M. Haegelin Tackles Hard

Weakened by the absence of regulars the Hondo Owls were unable to withstand the drives of the Uvalde team and went down in defeat to 0 at Uvalde last Friday. Carl Steinle, hard working tackle, acted as captain of the Hondo team and the whole show for the Owls on the line. Carl fell on several punts, covering one for Hondo on the 25-yard line after Smith fumbled the ball. Milton Haegelin made life miserable for the Coyote ball toters in his driving tackles. So terrific were his dives that he knocked out himself and Robinson of Uvalde. Hondo's spectacular play came in the second half when Windrow passes 29 yards to Wright for the Owl's first down. Albert Haegelin made his appearance of the season and showed good form although handicapped by lack of practice.

First Quarter
Uvalde won the toss and chose to drive; Steinle chose to defend the goal. Finger's kick was received 15 yards from the 20-yard line. Stanley stopped Uvalde's end for no gain. Winn went through tackle for 4 yards. Rutherford completed an 8 yard pass and made 6 yards additional before being stopped. After Winn made 5 yards at tackle, M. Haegelin threw Smith a 4-yard loss. Leinweber broke Uvalde's pass. Finger fumbled Uvalde's punt on the 19-yard line and the Coyotes recovered. Uvalde made 7 yards at left tackle but was blocked back and penalized 15 yards for illegal use of hands. Smith made yards at right end before being run out of bounds. Finger broke up a pass. Robinson punted out of bounds on the 17-yard line. Finger stopped at right end and then led to Uvalde on the 43-yard line. Robinson went through left tackle 6 yards then Winn made first down with 5 yards at right tackle. Rutherford dropped a pass and Robinson kicked out of bounds on the yard line. Finger got 5 yards at tackle but A. Haegelin fumbled making 5 yards and Uvalde recovered. Smith made a yard at right and Rucker stopped the next pass for no gain. Uvalde completed a pass for 6 yards and Robinson made first down at left tackle. Winn

hit center for 6 yards and Robinson went around left end for 10 yards and touchdown. Winn plunged over center for point. Score, Uvalde 7; Hondo 0.
Hondo worked a double pass with Winn's kickoff and A. Haegelin made 12 yards. A. Haegelin fumbled and Uvalde fell on the ball. Winn made 4 yards at right tackle and Robinson made first down with an 11-yard run around left end as the quarter ended. Score, Uvalde 7; Hondo 0.

Second Quarter
Wright in for Rucker, Bailey in for Rieber of Hondo. Winn made 4 and 5 yards off tackle on two plunges and then hit center for touchdown. Winn failed to make point on a line buck. Score, Uvalde 13; Hondo 0.

Watkins kicked to the 15-yard line and M. Haegelin returned the ball 10 yards. Finger made 3 yards and A. Haegelin lost 2 yards at right tackle. Uvalde returned Hondo's punt 13 yards from the 40-yard line. After stepping out of bounds on purpose Smith made first down around right end. Robinson made 5 yards through the line. Winn made 4 and 5 yards on two stabs at the line for first down. Smith and Robinson made 4 and 5 yards respectively on the next two plays. O. James in for Couser of Uvalde. HAVE YOU TRIED THE NEW SUNRISE LOAF?

We now have installed the most Modern Machinery known to the Baking trade, and we are getting wonderful results. It is astonishing to note what a difference modern machinery makes.

The loaf we are producing is of highest quality, good volume, fine silky texture, good flavor and taste,—really the loaf you have been waiting for.

Then too, back of every loaf is our Personal Interest and Management that we have dedicated to the service of baking Good Bread, and that is just as important as the product itself when buying food for your table.

Baking at home is a thing of the past, for to-day every woman wants to get out of her kitchen. She wants more leisure time to herself, more time in the great out-doors driving the family car. Think of it 8,225,859 passenger Automobiles registered in 1920; 21,379,125 in 1928. More time to listen in—60,000 Homes with Radio Sets in 1922. Today 9,000,000. More time for Club Activities and Movies; 90,000,000 admissions weekly to the Movies— a good share of them Women and Children.

There is absolutely no need for the housewife to worry about baking when our prices are:

16oz. Loaf 8 cents. 24oz. Loaf 12 cents. 32oz. Pullman Sandwich Loaf 15 cents
Hot Bread Eight Cents; Two for Fifteen Cents

GOOD, FRESH HOME-MADE BREAD, CAKES AND ROLLS

DAILY.

CINNAMON ROLLS A SPECIALTY.

By P. G. Holden,
Field Director, Agricultural Extension Department International Harvester Company.

If every American farmer will give greater attention to the growing of protein feeds—alfalfa, sweet clover, cowpeas, soy beans, peanuts and other members of the clover family—our production of protein feed and dairy products will be greatly increased. As a result, also, our production of almost every other crop produced on the farm will be greater.

The growing of clovers means crop rotation and diversified farming. It means for live stock and more dairy products. It means more fertile soil, greater prosperity, a steady income the entire year.

Alfalfa and sweet clover can be grown on any farm. Patience and determination alone are necessary for success. If we raise hay we are bound to raise live stock. This means more dairy cattle and more dairy products. Whatever the market price of alfalfa may be, it is worth more to us when sold in the form of milk or butter.

We cannot afford to feed the scrub cow that does not produce enough milk to pay for her keep.

Dairy products furnish us with protein necessary for the building of bone and tissue. The world's destiny must be carved by vigorous men and women. If we are to have strong men and women, we must have well-developed boys and girls.

Do not underweight the effect which the clover in your pastures may have upon the future development of civilization. America possesses large fields, and upon these fields must be grown not only the meats and the grains, but the protein demanded for that balanced ration which all men and animals need.

BIG PRODUCTION IS NO GUARANTEE OF POSPERITY.

In 1925 the United States produced two million bales of cotton more than the preceding year, but the value of the 1925 cotton crop was \$121,000,000 less than the value of the much smaller 1924 harvest. As a result of this decrease the value of the products of all Texas farms shrank to \$799,000,000 in 1925 as compared with \$907,000,000 the year before.

Dry figures? Sure. We are merely quoting them to point a moral and adorn a tale. If this year's cotton crop should be two million bales more than last year's, the whole South would go broke, panic would shake its banks and its business men would start another buy-a-bale-of-cotton movement as they did early in 1915. It doesn't pay to produce too much. In fact, it always is disastrous. That's the great basic reason for the founding of innumerable trade associations which directly or indirectly attempt to regulate production and prices. So long as their regulation is reasonable and is designed to hold down prices as well as regulate production, they are a positive benefit. If their purpose is sinister, they will sooner or later cut their own throats.—Sunset.

Wounds in potatoes are the most frequent source of storage rot, and careful handling during harvest and storage will decrease loss from this source. Cooling freshly harvested potatoes too rapidly may cause wound rot, because of the slowing down of wound repair. If wounds are properly healed before potatoes are placed in storage, and if sufficient ventilation is provided to keep them dry during storage, very low temperature is unnecessary to prevent loss by storage rot.

FLETCHER'S STATE RIGHTS FARMING is an independent, individually owned Farm and Live Stock Journal devoted to the development of the Farming and Live Stock industry and the entertainment of the Rural Home. It is edited by Fletcher Davis, formerly editor of the Texas State Department of Agriculture's Monthly News Bulletin, under Commissioner George B. Terrell's administration, and founder and editor of the Market Journal and later of the Market Section of the News Bulletin, under former Commissioner Fred W. Davis's administration. Previous to this experience, he was for four years a Farmers Institute Lecturer and Organizer.

Every month FLETCHER'S FARMING is filled with interesting and timely matter, just such as you find in this issue.

If you are not a subscriber, this is a sample copy sent to you as an invitation to give it a trial. If you are a subscriber it is a request that you call the attention of your neighbors and friends to it and induce them to subscribe for it. In single subscriptions it is \$1.00 a year but if you will get three of your neighbors to join you it will be sent to all four for \$2.00 for the Club of Four, or it will be sent five years to one address for \$2.00.

If neither of these propositions appeal to you look over the club offers herewith and let us have your subscription.

If you prefer any of the below named magazines or newspapers, FARMING and either one of them will both be sent for the price marked thereafter as follows:

GEO. B. TERRELL SAYS DEPARTMENT OF AGRICULTURE NOT PROPERLY SUPPORTED

To The People of Texas:

I am serving my fifth term as Commissioner of Agriculture. I was elected upon the issue of consolidating the agricultural administrative work with the Department of Agriculture, and have been re-elected every time upon that issue.

We have been able to secure only one consolidation—that of the Markets and Warehouse Department, through which an annual saving of more than \$50,000.00 has been made.

When I became Commissioner, the Department of Agriculture and the Markets and Warehouse Department were under separate management, had appropriations amounting to \$241,822.00 per annum. Since the consolidation our annual appropriation to do the combined work have average \$122,105.00 or \$119,717.00 a year less to do the same work. For the present fiscal year our regular appropriation is \$104,000.00 less than it was eight years ago, and the work is increasing every year. If this consolidation had not been made and appropriations for the work had continued as they were when I became Commissioner, they would have amounted to \$771,083.00 more during the past eight years of my term than they have under my administration, and including the next two years of my term the total saving will be more than one million dollars, compared with former appropriations.

This increasing work cannot be properly done with our present appropriation of \$137,000.00 a year. Appropriations for other departments have not been reduced this way, but most of them have been increased.

This reduction began under my first term when I began to urge the consolidation of agricultural work to secure greater economy and efficiency in the service, and the fight to cripple this department was continued by those opposing such consolidations,—mostly job holders, who do not want to be "jarred loose" from the state's payroll.

If all the agricultural regulatory work were consolidated with the Department of Agriculture like it is in other states, and as recommended by all competent authorities, and the funds now expended for this work given to this department, we would have ample funds and could return some money unexpended to the treasury each year. This has not been done because too many people would lose their jobs. Job holders must be reckoned with in any movement to reform governmental practice. I have tried continually to have

our laws amended in some instances, and to have other laws enacted to give the people more protection and to secure more economy and efficiency in the service. I have especially tried to stop the losses in cotton weights, and to stop short measure in gasoline, but these efforts have been defeated by those willing to let this stealing continue.

Four of my trained men have left the service the past few years for better salaries. Two of them received \$900.00 a year more than we could pay them, one received \$1800.00 more the other one received \$3100.00 more than we paid him.

It would be amazing to the public to know what other agricultural states are appropriating to their Departments of Agriculture, but space forbids naming them all. Alabama, North Carolina and Virginia appropriate more than \$400,000.00. California appropriates \$1,501,743.00 a year. Illinois \$2,538,629.00, and the little state of New Jersey appropriates almost one million, while Texas, the greatest agricultural state, appropriates only \$137,000.00 a year. I do not feel like being humiliated any longer by begging for a mere pittance to enable the department to exist.

We have grave problems of insect and plant disease control, and other states are spending millions in this work. The federal government is spending \$4,500,000. in combatting the Mediterranean fruit fly in Florida, and the state is spending all she

can raise, while Texas spends only a few thousand for protection against these pests. Any pest as easier to keep out than to eradicate. Texas has been exposed to this pest, and if it should establish here, it would destroy our fruit industry as it has in Florida. The Secretary of Agriculture is now asking for \$26,000,000 to eradicate this fruit fly in Florida.

We have spent \$23,500.00 for each of the past two years administering the Pink bollworm law, and for the next two years we have only \$12,500.00 a year for this work. Whenever this pest gets beyond our control, as it may, we will have drastic federal and state quarantines against our products that will cost the state millions of dollars. A "penny wise and pound foolish" policy is never profitable.

Sound Policies Should Be Adopted

There is need of a great awakening in this state to save the agricultural, horticultural and livestock interests, the basis of Texas wealth and prosperity. Sound economical state policies should be adopted. A Governor and Legislature should be drafted and elected possessing honesty, ability and courage to protect the interest of the great masses, against the classes that now dominate and control through small organized groups. This cannot be done through a campaign of false and foreign issues, with Tammany as a "smoke screen" to distract the people and hide the real vital state issues that should be settled on their merits.

Exorbitant and burdensome taxes must be removed from the farms, homes and ranches, and state taxes raised from net incomes and other sources earning net profits, should be substituted for ad valorem taxes, and relieve the farms and homes from this burden.

A good stiff law should be enacted with teeth in it to regulate and control the light, gas and water power companies of this state.

The penitentiary system should be promptly reorganized and centralized on lands owned by the state and placed under the management of men possessing honesty and common sense and then the prison system would become an asset instead of a liability.

Court practice and procedure should be simplified, speedy trials should be substituted for delay, and justice promptly meted out and the cost of litigation materially reduced.

New courts, new offices, institutions, boards or commissions should be created.

Superfluous commissions, boards and bureaus should be abolished and their necessary work transferred to the proper elective departments and appointive power should be reduced to the minimum. The people should elect all important public officers and stop the continued building up of appointive political machines.

Excessive bond issues must be stopped and government expenses reduced. We are permanently mortgaging the people's homes for temporary improvements.

The fifteen hundred widows of confederate soldiers, recently deprived of their pensions by act of the Legislature, should be restored to the pension roll immediately and given their part of the pension tax. This law is a travesty upon justice and should be repealed at once.

I do not mean to imply that government expenses can be reduced one third or one half, as contended by some people. This cannot be done, and any person making such statements is either a demagogue or a fool, and probably both. There is room for some reduction in expenses by a proper reorganization of governmental agencies, but this would not amount to more than five or ten per cent, or a probable saving of from two million to four million dollars.

I am profoundly grateful to the people of Texas for their continued support and confidence, and believe that I could be re-elected. But without better financial support for the department no man can render the best service, and I do not desire to hold office longer without better support.

YANCEY NEWS.

Prof. Roensch and Mr. Byron Ward took the agricultural class to the Dallas Fair, leaving here Friday morning, and will return probably next Monday. Mrs. W. B. Melton accompanied them as far as Belton, where she will visit friends and relatives.

Mr. Frank Ward returned from Gonzales Monday where he visited relatives for several days.

Mr. Marvin Berry returned from Freer Monday after an absence of several weeks.

Mr. and Mrs. Tom Duncan and baby and Mr. and Mrs. Allen Thompson were week-end visitors at Mr. N. F. Berry's home.

Mrs. J. G. Weekly spent Wednesday with Mrs. J. H. Estes.

Mr. and Mrs. Charlie Heiligman have moved into their new home near Yancey.

Prof. Stendebach made a business trip to Hondo Wednesday.

The boys of the community assembled on the school campus Wednesday afternoon and played the high school boys a game of basketball, which resulted in favor of the high school boys.

We are enjoying the first cool snap of the season, it seems at though it may bring rain, which we sincerely hope it will do, as we need rain badly.

Mrs. Byron Ward is spending the week-end with Mesdames Charles and W. B. Ward.

Messrs. Tom Jones and Wallace Wilson were here from San Antonio Tuesday.

Mr. and Mrs. John Schneider of Mason were here for several days visiting Mr. Herman Fessler's family.

Rev. J. E. Estes left Tuesday for San Antonio where the annual conference of the Methodist Church is being held this week.

Mr. Edwin Bohmalk has been sick with sore throat, but has recovered sufficiently to be able to go to school again.

There were two cases of diphtheria reported here last week, they did not prove very serious and both patients have entirely recovered and no new cases have developed to date.

Miss Elsie Buss of Hondo has been a daily visitor at the Post Office this week.

Mrs. F. H. Roensch will spend the week-end with relatives at Lytle while Mr. Roensch attends the fair at Dallas.

BUICK MAKES NEW SALES RECORD.

Leading its nearest competitor by a margin of almost three to one, Buick established another sales record in September, Mr. C. R. Gaines, of C. R. Gaines & Son, local Buick dealer, announced today.

C. R. Gaines & Son were highly complimented for the part they played in the record month's business in a letter from G. J. Flint, Sales Manager of the Buick Motor Company, San Antonio Zone Office, received yesterday.

"We congratulate you for your splendid efforts in September which helped Buick to register nearly three times as many sales in Texas as its nearest competitor," the letter stated.

Mr. Gaines declared that the September record proves that the demand for the new 1930 Buick continues unabated and points out that sales in August established a new record for that month.

Practical Dishes For Dinner On Mother's Evening Out

By JOSEPHINE B. GIBSON
Director, Home Economics Dept.,
H. J. Heins Company

EVEN on those rare occasions when mother actually takes an evening "off", she usually must plan what to leave for dinner at home. Often she is expected to prepare beforehand a complete meal which can be served easily by a hungry family unskilled in cooking. And it is surprising how easily these "motherless" dinners can be gotten together with just a little planning.

Casserole meals, which have been cooked and need only to be reheated at serving time, always are popular. While prepared foods, such as soups, baked beans and spaghetti with tomato sauce, are relished by the men folks and are ready to serve after heating. These, together with cold meats and salads and desserts from the refrigerator, give a varied menu that is enjoyed by all.

Following are several menus which women of our acquaintance have found especially pleasing to their families left at home:

*Cream of Tomato Soup
Hamburg Steak Balls
Cooked Spaghetti
Cream Pudding or Ice Cream*

*Cold Sliced Ham Loaf
Baked Beans
Lettuce Salad French Dressing
Stuffed Olives
Fruit Cake*

Braised Beef
Quick Cold Slaw
Rolls
Apple Butter
Minced Meat Drop Cookies

Ham Loaf—

1 pound cured ham (raw) and 1 pound fresh pork, ground together twice
2 cups rice flakes
1 egg
1/2 cup milk
pepper (no salt)

Mix all ingredients and pat into a loaf. Sprinkle with flour, and bake 1 hour in a roasting pan, basting occasionally. After first half hour, potatoes may be placed around the loaf. The last half hour, slices of pineapple may be laid over the loaf and allowed to brown. Serve hot or cold.

Braised Beef—
This recipe makes a delicious one-dish dinner. 2 pounds beef (lower

round or shoulder). Sprinkle with salt and pepper, dredge with flour and brown quickly in fat. Avoid piercing meat with fork. Place in a casserole or deep pan and add 1 cup each of diced carrots, nips, onions and celery. To 2 1/2 cups boiling water, add 1/4 cup tomato ketchup and pour most of this sauce around the meat and vegetables. Cover closely and bake 2 hours in a slow oven, basting every half hour with the remaining sauce. The last hour, whole potatoes may be placed around the meat and baked tender.

Quick Cold Slaw—Chop 4 cups cabbage very fine, sprinkle with 1/2 tablespoon sugar and 1 teaspoon salt and dash of pepper. Mix 1/2 cup mayonnaise salad dressing with 1/2 cup tablepoons pure vinegar and pour over the cabbage. Add one chopped green pepper and a grating of onion. Mix and serve on crisp lettuce leaves. This makes delicious slaw and is a splendid emergency salad.

Minced Meat Drop Cookies—
1/2 cup butter
1/2 cup sugar
1 egg
1 cup minced meat
1 1/4 cups flour
2 1/2 teaspoons baking powder

Cream butter; add sugar, beat egg, minced meat, flour and baking powder which have been sifted together. Drop by teaspoonfuls into buttered tin and bake in a hot oven for 10 minutes. This makes cookies.

BUSTER HAS A BIRTHDAY.

Otis (Buster) Shele, of the Grandi show, celebrated his 21st birthday while at Seguin, Texas, last Tuesday and was pleasantly surprised by his parents and several friends who drove from Hondo to give him a party in honor of the occasion. After the show that night Otis was inveigled to one of the cafes, where he discovered the entire company and visitors grouped around a long table that contained a wonderful repast and a mammoth birthday cake. In addition he received a new wardrobe trunk, a pedigreed bird dog and other present from his parents and the company—and a good time was had by all.
